## Children's Fitness Tax Credit

Please tear off the lower section and include it with your Income Tax return if required.

Dear Parent

As of January 1, 2007, payments made towards eligible expenses for participation in a program of physical activity may be claimed for credit on your 2010 Income Tax return. Amount may be claimed for payments made in 2010 only. Amounts paid in 2009 do not qualify even if all or part of the activity takes place in 2010.

To be eligible for the Children's Fitness Tax Credit, the fees must be paid for a child who is under 16 at any time in the year. The fees must be related to the cost of registration or membership in an eligible program of physical activity. Registration and membership costs can include the cost of administration, instruction and the rental of facilities.

Eligible programs for the Tax Credit must be; a) ongoing (either a minimum of eight weeks duration with a minimum of one session per week or, in the case of children's camps, five consecutive days) ..... b) supervised ..... c) suitable for children ..... d) substantially all of the activities must include a significant amount of physical activity that contributes to cardio-respiratory endurance (equivalent to a brisk walk) plus one or more of: muscular strength, muscular endurance, flexibility or balance.

Canada Revenue Agency has identified bowling as a sport/activity which is eligible for the tax credit, CTF encourages you to apply for this credit when completing your tax return.
